

Ruth Cutler

Mixed Media

I met Ruth when her group called “MAD (Music-Art-Dance) in Building” wanted to take part in my THEME HONG KONG project. They created a 20-minute performance called “Hong Kongtroversies”. There is a production shot of this on the THEME HONG KONG display board.

Ruth also sent me prints of her mixed media work “Letter to China” for display purposes. At the time she lived in Ramsgate.

I have lost touch with Ruth. But I know she's known for her work called “Sea Garden”, which is the photo on the right, and she's the lady at the top.
